Item 8.01 Other Events.

As previously reported, on October 18, 2024, Direct Digital Holdings, Inc. (the “**Company**”) received a deficiency letter from the Listing Qualifications Department (the “**Staff**”) of The Nasdaq Stock Market LLC (“**Nasdaq**”) notifying the Company that it was not in compliance with the minimum stockholders’ equity requirement for continued listing on The Nasdaq Capital Market under Nasdaq Listing Rule 5550(b)(1) (the “**Stockholders’ Equity Requirement**”). Following the Staff’s review of the Company’s compliance plan (the “**Plan**”), on February 4, 2025, the Staff notified the Company that it had granted the Company an extension (the “**Extension**”) through March 31, 2025, and later extended to April 16, 2025, to complete the Plan and evidence compliance with the Stockholders’ Equity Requirement.

As of April 16, 2025, the Company had not gained compliance with the Stockholders’ Equity Requirement. Accordingly, on April 17, 2025, the Company received a Staff determination letter from the Staff stating that the Company did not meet the terms of the extension because it did not complete its capital raising initiative and demonstrate compliance with the Stockholders’ Equity Requirement, and therefore that trading of the Company’s Class A Common Stock would be suspended at the opening of business on April 28, 2025 and subsequently delisted.

The Company intends to timely file an appeal and request a Hearing before a Nasdaq Hearings Panel (the “**Panel**”). The Hearing request will automatically stay Nasdaq’s delisting of the Company’s Class A Common Stock pending the Panel’s decision. At the hearing, the Company will present its plan for regaining and sustaining compliance with the Stockholders’ Equity Requirement for continued listing. However, there can be no assurance that the Hearings Panel will grant the Company an extension of time to regain compliance, or that the Company will be able to regain compliance during any extension period.

During the appeal process the Company’s Class A Common Stock will continue to trade on The Nasdaq Capital Market under the symbol “DRCT.” If the Company is not able to regain compliance with Nasdaq’s continued listing requirements within the time period permitted by Nasdaq, then the Company’s securities will be delisted from Nasdaq.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Current Report on Form 8-K may contain forward-looking statements within the meaning of federal securities laws that are subject to certain risks, trends and uncertainties.

As used below, “we,” “us,” and “our” refer to the Company. We use words such as “could,” “would,” “may,” “might,” “will,” “expect,” “likely,” “believe,” “continue,” “anticipate,” “estimate,” “intend,” “plan,” “project” and other similar expressions to identify forward-looking statements, but not all forward-looking statements include these words. All of our forward-looking statements involve estimates and uncertainties that could cause actual results to differ materially from those expressed in or implied by the forward-looking statements. Accordingly, any such statements are qualified in their entirety by reference to the information described under the caption “Risk Factors” and elsewhere in our most recent Annual Report on Form 10-K (the “Form 10-K”) and subsequent periodic and or current reports filed with the Securities and Exchange Commission.

The forward-looking statements contained in this Current Report on Form 8-K are based on assumptions that we have made in light of our industry experience and our perceptions of historical trends, current conditions, expected future developments and other factors we believe are appropriate under the circumstances. As you read and consider this Current Report on Form 8-K, you should understand that these statements are not guarantees of performance or results. They involve risks, uncertainties (many of which are beyond our control) and assumptions. Although we believe that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect our actual operating and financial performance and cause our performance to differ materially from the performance expressed in or implied by the forward-looking statements. We believe these factors include, but are not limited to, the following: the restrictions and covenants imposed upon us by our credit facilities; the substantial doubt about our ability to continue as a going concern, which may hinder our ability to obtain future financing; our ability to secure additional financing to meet our capital needs; our ineligibility to file short-form registration statements on Form S-3, which may impair our ability to raise capital; our failure to satisfy applicable listing standards of the Nasdaq Capital Market resulting in a potential delisting of our common stock; costs, risks and uncertainties related to the restatement of certain prior period financial statements; any significant fluctuations caused by our high customer concentration; risks related to non-payment by our clients; reputational and other harms caused by our failure to detect advertising fraud; operational and performance issues with our platform, whether real or perceived, including a failure to respond to technological changes or to upgrade our technology systems; restrictions on the use of third-party “cookies,” mobile device IDs or other tracking technologies, which could diminish our platform’s effectiveness; unfavorable publicity and negative public perception about our industry, particularly concerns regarding data privacy and security relating to our industry’s technology and practices, and any perceived failure to comply with laws and industry self-regulation; our failure to manage our growth effectively; the difficulty in identifying and integrating any future acquisitions or strategic investments; any changes or developments in legislative, judicial,

regulatory or cultural environments related to information collection, use and processing; challenges related to our buy-side clients that are destination marketing organizations and that operate as public/private partnerships; any strain on our resources or diversion of our management's attention as a result of being a public company; the intense competition of the digital advertising industry and our ability to effectively compete against current and future competitors; any significant inadvertent disclosure or breach of confidential and/or personal information we hold, or of the security of our or our customers', suppliers' or other partners' computer systems; as a holding company, we depend on distributions from Direct Digital Holdings, LLC ("DDH LLC") to pay our taxes, expenses (including payments under the Tax Receivable Agreement) and any amount of any dividends we may pay to the holders of our common stock; the fact that DDH LLC is controlled by DDM, whose interest may differ from those of our public stockholders; any failure by us to maintain or implement effective internal controls or to detect fraud; and other factors and assumptions discussed in the Form 10-K under "*Risk Factors*," and elsewhere in the Form 10-K and in subsequent periodic and current reports we may file with the SEC.

Should one or more of these risks or uncertainties materialize, or should any of these assumptions prove to be incorrect, our actual operating and financial performance may vary in material respects from the performance projected in these forward-looking statements. Further, any forward-looking statement speaks only as of the date on which it is made, and except as required by law, we undertake no obligation to update any forward-looking statement contained in this Current Report on Form 8-K to reflect events or circumstances after the date on which it is made or to reflect the occurrence of anticipated or unanticipated events or circumstances. New factors that could cause our business not to develop as we expect emerge from time to time, and it is not possible for us to predict all of them. Further, we cannot assess the impact of each currently known or new factor on our results of operations or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.
